PROFILE

Recently finished my studies in Frontend development. I have a strong foundational knowledge of HTML, CSS, and JavaScript, and some experience with front-end frameworks like React.

I am eager to learn and grow my skills, and I am highly motivated to make a positive contribution to the development team.

SKILLS

- Proficient in HTML, CSS, and JavaScript
- Familiarity with frontend frameworks such as React, Angular
- Experience with version control systems like Git
- Understanding of responsive design and cross-browser compatibility
- Strong problem-solving and troubleshooting skills
- Ability to work collaboratively with other developers
- Excellent communication and time management skills
- responsive development

ACADEMIC PROJECTS

WORD SEARCHING DICTIONARY WEB SERVICE

Developed the system with React and Bootstrap, hosted online on Netlify and sourced-code on Github

WEATHER APP

Developed the system with react and bootstrap, used weather Api for real life data
